

Firearms and Edged Weapons / Wednesday, 4th March 2026 / Lot 3504

### LOT 3504

A fine late 18th/early 19th century percussion pistol by Egg & Sons, London, with sighted part-flattened round barrel, barrel length 15.5cm, foliate engraved hammer and line border engraved lock with foliate decoration, full-stocked with steel furniture, chequered grip and steel pull-out swing-over captive ramrod.

Estimate: £300 - £400

---

### Condition Report

3504. Action works nick and tight, full and half cock. Some minor marks throughout, one deeper bruise to butt of grip. Possibly had a little restoration at some time, but a long time ago. In our opinion, a nice piece and fairly problem free throughout.
