### LOT 3615

A Swiss-made 'Aeroplane Spitfire' chrome plated stainless steel gentleman's wristwatch, circa 1940, the dial with Arabic hour numerals and subsidiary seconds, the backplate engraved 'Laurie from Adela 8.10.1940', on a later leather strap, together with a celluloid-fronted tin Spitfire Fund charity pin badge, numbered '17053'.

Estimate: £40 - £60

### Condition Report

3615. We cannot guarantee the watch to be working, however after an overall look, it would appear to perhaps be overwound.

Dial is fairly bright, but toned as you might expect with a watch of this age. Blister back appears to have heavy pitted corrosion around engraved details, possibly an attempt to remove inscription.

Later strap.
