Condition Report

3529. Overall a little tired. Looks to have had extensive work and restoration. Barrel with some blueing present, looks to have been heated at muzzle end and a new rammer catch added, rammer quite sloppy. Overall wear throughout, cylinder quite worn with detailing almost lost, later chromed areas as can be seen in the online photos, grips original but with some minor bruising. Action works half and full cock. Details along top of barrel faint.
