LOT 785

A gold, platinum, emerald and diamond ring, collet set with a rectangular emerald between single cut diamond three stone shoulders, detailed '18ct Plat', weight 2.2g, ring size approx N1/2, with a case.

Estimate: £250 - £350

Condition Report

The emerald has a large chip to one corner, this is noticeable without the use of magnification.
The emerald has some typical inclusions and is of pale colour saturation.
The diamonds are single cut stones (16/17 cut facets), and are not necessarily old cut stones.
Some thinning to the shank, some slight wear to the sides of the setting.
Otherwise typical light scratching to the metal overall.
