

Jewellery / Wednesday, 15th April 2026 / Lot 515

### LOT 515

A white gold, tanzanite and diamond oval cluster ring, claw set with the oval mixed cut tanzanite within a surround of circular and tapered baguette cut diamonds, detailed '750', weight 4.3g, tanzanite weight approx 3.00ct, ring size approx L1/2, with a World Gemological Institute report.

Estimate: £2,000 - £2,500

---

### Condition Report

515. The ring is relatively modern. Condition is very good, essentially as new. Good vibrant colour tanzanite and bright white sparkly diamonds.

No GIA certificate, but there is an equivalent WGI (World Gemological Institute) Certificate, a photo of which can be viewed on our website.

Diamonds are listed as 0.82ct, G-H colour and VS2-SI1 clarity.

Tanzanite is listed at 3.00cy of medium violet blue colour.
