

Furniture / Thursday, 16th April 2026 / Lot 2100

## LOT 2100

A scarce mid-20th century Italian brass circular coffee table, designed by Gabriella Crespi, the sides with four pull-out slides, bearing maker's mark to side, height 46.5cm, diameter 59.5cm (faults).

Estimate: £200 - £400

---

## Condition Report

2100. The brass is coming away from the body along the top edge and the main body where the brass joins. There are no dents to the brass, but it is in need of a polish. There is one slide that does not seem to click back in when pushed back into the table. The underside does not have brass covering, but unsure if this is missing or as it was made. Base not warped.
