Condition Report

715. Pendant is in generally good condition. Typical light surface scratches and wear to setting, but no significant damage. Would benefit from a clean as back of stones a little dirty, and tricky to grade. Principal stone has a slight yellow tint and some minor internal marks, small chip to bottom edge of stone. Other stones appear to be generally a little whiter in colour, some with minor inclusions visible under x10 magnification.

Principal cushion shaped diamond approx 5.2mm x 4.7mm x 3.4mm, approx 0.60ct, small chip to edge of as mentioned above.

Approx total carat weight of all diamonds 1.8ct.

Total length of pendant including drop surmount approx 37mm.

Width of pendant at widest point approx 17mm.
