

Furniture / Thursday, 16th April 2026 / Lot 2162

LOT 2162

A modern DPT 'Omega' slate bed pool table with blue baize and contactless payment operation, together with balls, cues, nap brushes and other accessories, length 214cm, depth 123cm.

Estimate: £400 - £600

Condition Report

2162. General condition is very good, but with some light glass marks and wear to baize. There is no cue ball. It has been in a local bar for a short period and therefore had a contactless payment system to play. This operates the ball drop mechanism and this would need to be bypassed or changed for it to work. Unsure how this can be done and may need to talk to a specialist.
