

Single-Owner Collections / Thursday, 23rd April 2026 / Lot 4033

LOT 4033

A Japanese su-yari, Edo period, with triangular-section steel head, head length 14cm, mounted on a hardwood shaft with copper collar mounts dividing a two-section moulded ribbed red lacquered grip over a hardwood body with hiramaki of pierced conical form, overall length 220cm. Provenance: the collection of the late Roald Knutsen (1933-2025).

Estimate: £150 - £250

Condition Report

4033. Head/blade has old rust evidence with light pitting/discolouration. Lacquer grip section with some losses, minor chips to the higher ribbed areas. Shaft with old minor bruising. Some active rust to hiramaki terminal.
