

Glassware / Thursday, 30th April 2026 / Lot 1832

LOT 1832

A Moser Radion light green uranium glass jar and cover, 1920s, the faceted body and domed faceted cover with gilt Oroplastic frieze decoration, raised on a square foot, acid etched mark to base, height 26cm.

Estimate: £150 - £250

Condition Report

In good condition overall.

Tiny chip to one corner of base.

There is a tiny nick which is only visible on VERY close inspection to the underside edge of the cover, and a similar nick to the top rim edge of the jar.
