LOT 1827

A Murano Sommerso Mandruzzato style faceted glass vase, the clear body with internal yellow and green colouring, unmarked, height 21cm, together with a similar faceted clear bowl with internal green colour, height 8.5cm, and a Murano tapered vase with green and yellow colour, original applied paper label, height 28cm.

Estimate: £50 - £70

Condition Report

Mandruzzato style vase - tiny nick to one base corner and smaller flea bite nick to inner top rim edge. A number of very, very small digs to some of the facet edges and minimal light surface scratches. None of these issues detract and are only noticeable on closer inspection.

Faceted bowl - a number of small nicks to facet edges overall.

Tallest vase - a number of surface scratches overall but predominantly to the lower body, with a few digs also to the sides.
