

Cameras and Scientific Instruments / Thursday, 7th May 2026 / Lot 1241

### LOT 1241

A Celestron Nexstar GPS Schmidt-Cassegrain telescope with 9x50 finderscope, with dual fork arm and tripod, total height approx 150cm, together with various accessories, including eyepieces and a pair of Celestron Skymaster 15x70 binoculars, boxed.

Estimate: £200 - £400

---

### Condition Report

1241. The telescope has been stored in a shed so is a little dusty and some slight rusting to the legs of the tripod. The telescope itself appears to be in generally good order with typical minor scuffs, scratches and wear to the mounts but no significant damage. Glass all appears to be in good order. Unable to comment on its working order.

The main tube diameter is approx 300mm.
