

Cameras and Scientific Instruments / Thursday, 7th May 2026 / Lot 1243

### LOT 1243

A Bresser Messier f=1200mm D=150mm Newtonian reflector telescope with tripod, together with a Bresser Messier Skylux NG f=700mm D=70mm refracting telescope with tripod.

Estimate: £60 - £100

---

### Condition Report

1243. The larger telescope is in generally good cosmetic condition, typical light surface scratches and wear, but no obvious significant damage.

The smaller scope is in similar condition.

Please note, both telescopes have been stored in a shed prior to them coming in for auction and will be sold as seen. Neither has been tested and we can give no guarantees to their working order. We suggest anyone interested should view them in person where possible.
