### LOT 1092

A Chinese Mahjong set, early 20th century, with bone and bamboo tiles, within a brass mounted hardwood case with sliding front and five drawers, height including handles 19.4cm.

Estimate: £50 - £80

### Condition Report

The tiles are generally in good condition with some minor chips to the edges - few and far between - and minor typical wear to the colours. We can't guarantee they are all present.

One of the brass hinges on one top back corner is missing a pin and has lifted slightly. One of the bottom back corners has a small split where the join has become unglued due to a tiny bit of warping, similarly the base plate. The thumb pull on the sliding front door is at a strange angle. Otherwise the box overall is in good condition.
