LOT 2090

An impressive mid-Victorian parquetry veneered octagonal tip-top centre table of exhibition quality, profusely decorated in overall geometric patterns in a multitude of various wood specimens, the underside bearing paper label detailed 'Barnby Bendall & Co, Cheltenham', and also decorated in geometric veneers, raised on a platform base and scroll feet, height 78cm, width 146cm.

Estimate: £2,000 - £4,000

Condition Report

2090. The overall condition is generally quite good with a polished surface and no clear missing veneers. The top has had some movement from the foundation wood resulting in some surface cracks to the veneer, which have had some repairs. This includes one long surface crack running through the side of the central medallion. There are a few minor repairs to the veneers on the base, but overall the table has been kept in very good order.
