

Jewellery / Wednesday, 8th July 2026 / Lot 523

LOT 523

A gold and jade brooch, each jade carved as a peacock, as converted from a pair of earrings, unmarked, weight 8g, width 3.5cm.

Estimate: £200 - £250

Condition Report

We believe the piece has been constructed from a pair of earrings.

Likely a mixed quality of gold used within the piece, as it is two colour. The piece has not been tested.

The pin is base metal, a possible replacement.

The jades are both secure within their settings. No noticeable damage to the jades.

Overall in fairly good condition.
