Condition Report

1071. PART CONDITION REPORT - if information is required regarding the other watch in the Lot, please request this.

Omega Seamaster - generally good condition, typical surface scratches and wear to case, glass and bracelet. Clasp works but unfastens a little too easily so would require adjustment.

Dial is in good clean order.

Winds and adjusts smoothly, day and date rolls over as it should, and it is currently running well, but please be aware we give no guarantees to working order or reliability of any clock or watch.

Day/date does not adjust from the crown.
