

Studio Pottery / Thursday, 23rd July 2026 / Lot 1534

LOT 1534

A Quentin Bell Fulham Pottery plate, incised and painted to the centre with stylized fruit and berries within a turquoise glazed circular frame, the rim with an incised border of foliate scrollwork, incised and impressed marks to base, diameter 24.5cm.

Estimate: £80 - £120

Condition Report

In good condition overall with no cracks, chips or restoration.

The stray blob of purple lustre to the rim edge at 7 o'clock in the first image on our website, detailed in image 4 on our website, has been there since manufacture. It is a thumbprint either on purpose or a happy mistake during the decorating process.
