LOT 1508

A Peter Smith Bojewyan Pottery circular dish or platter, with slip painted motif to the centre against a brown glazed ground, the rim with impressed and incised pattern, impressed seal marks to underside rim, diameter 36.5cm. Provenance: property of a private Sussex collector.

Estimate: £80 - £120

Condition Report

There are 4 small chips to the rim edge - due to the nature of the rough finish these are not immediately apparent and only really show up because of a slight colour difference. In addition there are a number of very small nicks to the edges of the relief work primarily around the rim area - again fairly inconsequential due to the nature of the potting.
