LOT 1817

A pair of Bohemian white overlay cranberry glass lustres, late 19th century, the circular tops with shaped rims decorated to the exterior with cut panels alternately enamelled with flowers and cut with lenses, the baluster stems on spreading circular feet with further enamelled floral decoration, the edges overall outlined in gilt, both hung with ten prismatic drops, height 31.5cm.

Estimate: £200 - £300

Condition Report

Both lustres are overall in good condition with no damage or repairs apart from one has a very small chip to the top outer rim edge - quite negligible.

The gilding and enamels are good with no signs of wear or loss apart from the typical very minor rubbing associated with normal age and handling - this is incredibly minimal though.

The drops have typical losses, knocks and chips and one is missing its pointed end.
