

Clocks and Barometers / Thu, 15th October 2026 / Lot 1191

LOT 1191

A Jaeger-LeCoultre gilt brass mantel timepiece, Ref. 508, circa 1970s, the brass chapter ring with black Roman hour numerals, surrounding the signed and jewelled visible movement, the rectangular four glass case with signed front panel, on a plinth base, stamped '5085' to underside, height 16.8cm, with original guarantee booklet and receipt when purchased by the vendor's mother, dated 2/8/73.

Estimate: £300 - £500

Condition Report

1191. The movement winds and adjusts smoothly. The balance wheel is free and starts to tick, but after 10-15 seconds it stops. We would suggest it requires a service to return to full working order.
