

LOT 2207

A 19th century French cherry farmhouse table, the three-piece top with slightly curved ends above two frieze drawers to one side, on chamfered block legs, height 78cm, length 218cm, depth 93.5cm.

Estimate: £800 - £1,200

Condition Report

2207. General condition and stability is good overall.
The feet have been lengthened and there is some scattered historic woodworm.
The central panel of the top appears to have polished a slightly different colour and may have been added at a later point to make the table deeper, but if this is the case, it has been done very well. Otherwise a nice colour and patina throughout.
Some filled-on holes along each edge where the base would have originally joined to the top.
