

LOT 785

A gold and amethyst necklace, mounted with a row of graduated cut cornered rectangular amethysts, unmarked, weight 35.8g, length 41cm.

Estimate: £600 - £900

Condition Report

Some noticeable colour zoning to some of the amethysts, with some variation in tone/hue to the amethysts across the necklace.
All the stones appear secure within their settings
Some minor wear to the connecting links.
Clasp in working order, snaps closed
Largest amethyst approx. 15.4mm x 10mm x 8.6mm
Smallest amethyst approx. 8.5mm x 5.5mm x 5.1mm
Some very minor abrasions and a few small scratches to a few of the amethysts. One amethyst has a chip to the culet.
Otherwise the stones are in generally good condition.
Gold has not been tested, from its colour we would suggest 9ct gold.
