Condition Report

1015. Guglet - small chip to outer rim (approx 0.5cm x 0.6cm), otherwise appears to be in good condition with no significant damage or repairs. Few crazing hairlines around the footrim. Typical light surface scratches and wear to glaze, enamels and gilt. Good vibrant decoration.
Bowl - 8.5cm long section of footrim missing, otherwise in generally good condition, no cracks or repairs. Typical light surface scratches and wear to glaze, gilt and enamels with some more pronounced wear to glaze to the centre of the bowl where the footrim of the guglet has rubbed together. Good vibrant decoration.
